Description **Parts**

We are here after your purchase. Whether you require a warranty or replacement parts, we believe having the parts for the bikes we sell is important to our customers. Most shops will only sell you a bike, leaving you unable to repair your purchase. Click here for [Parts](#)

The 800watt Tornado Kids ATV is the ultimate electric quad for children ages 3 - 8 years. Featuring a 36V battery and 800W motor, it boasts the best power and range for an electric ATV in its category. The 800watt Kids ATV is sleekly designed to be a miniature version of "grown-up" ATVs to give your kids the excitement of real ATV riding in their own backyard, so they can look and feel just like mom and dad! The 800watt Kids ATV is strongly built with many advanced specifications including big all-terrain rubber tires, aggressive front & rear utility racks, dual LED headlights, and a shock absorbent suspension package. Additionally, to ensure the safest riding experience for your child the unit has enhanced safety features such as a disc brake system and a 3-speed governor with reverse, which maximize stability and control.
