Description

The ? open face PHX Breeze 2 is the lightest helmet in its ? open face class. Advanced ABS structure, treated hardware and moisture/heat resistant adhesives yield a performance blend of durability and lightweight construction ideal for recreational use. Certifications for all Phoenix helmets meet or exceed DOT standards in the USA, Canada and Mexico. Reinforced 3-point sun visor with noise-proof construction will not rattle or loosen and is entirely removable. Ultra-soft padded chin strap with heavy-duty snap buckle to ensure maximum comfort, ventilation and uncompromising safety that exceeds industry standards.
